3.5.3 The lots will be served by individual wells in the Upper Dawson, Lower Dawson, and Denver aquifers as decreed in Case No. 2003CW171, District Court, Water Division 1 ("Decree"). However, the main source of water will be through individual Upper Dawson aquifer wells which will be permitted and operate pursuant to the augmentation plan approved in the Decree, or amendments to the Decree. All of the groundwater underlying each lot will be conveyed to each lot owner, will be the water supply for the lot, and will not be sold or leased for any other purpose. Lot 1 is not subject to any restrictive covenant concerning the source or use of water on that lot.

For Upper Dawson aquifer wells operating pursuant to the plan for augmentation, each well will operate at a rate of flow not to exceed 15 gpm and will be limited to an annual withdrawal of 1 acre-foot per year and irrigation limited to 9500 square-feet of home lawn and garden. Said uses may change pursuant to amendments to the augmentation plan.

Lot owners shall provide to the home owners association, a total of the annual amount of water withdrawn during the previous calendar year (January 1 through December 31), by the end of the following January. The home owners association will collect said information and provide a summary of withdrawals from all Upper Dawson aquifer wells for the previous calendar year to the Division Engineer (upon request).

3.5.6 Any excess water which is not conveyed to the lot owners and as quantified in the Decree, will be conveyed to and reserved by the home owners association. Said reserved water will provide a future water supply for the Community and will not be sold or leased for any uses away from the Community. The home owners association shall convey amounts of said reserved water to lot owners to provide additional uses on the lots, if requested by a lot owner in the future, upon approval by the county and the directors of the home owners association. Conveyance of the water by the home owners association will not be unreasonably withheld and will be based on water availability at the time. The lot owner will be responsible for recording the deed, obtaining necessary permits, and incorporating said water into use on the lot, including amendment of the augmentation plan, if necessary. The amount of water to be conveyed to each lot owner shall not exceed a total of 3 acre-feet from one or a combination of aquifers. The prevailing party in any arbitration or judicial relief shall be entitled to reimbursement from the non-prevailing party or parties, for all reasonable costs and expenses, including attorney fees in connection with such arbitration or judicial relief. Failure by the Association or by any Owner to enforce any provision of the Association Documents shall not be deemed a waiver of the right to enforce any provision thereafter.

5.8 *Implied Rights and Obligations.* The Association may exercise any right or privilege expressly granted to the Association in the Association Documents, by the Act and by the Revised Colorado Nonprofit Corporation Act.

5.9 *Notice.* Any notice to an owner of matters affecting the Project by the Association or by another Owner shall be sufficiently given if in writing and delivered personally, by courier or private service delivery, on the third business day after deposit in the mails for registered or certified mail, return receipt requested, at the address of record for real property tax assessment notices with respect to that Owner's Lot.

8.1 *Recorded Easements.* The Property shall be subject to all easements as shown on any Map or plat, those of record, or provided in the Act (including easements for encroachment set forth in Section 214 of the Act and an easement for maintenance of any such encroachment), and otherwise as set forth in this Article.

8.2 *Declarant's Rights Incident to Construction.* Declarant, for itself and its successors and assigns, the Association and/or for Owners in all future phases of The Preserve At Deerfield, hereby reserves an easement for construction, utilities, drainage, ingress and egress over, in, upon, under and across the Common Elements, together with the right to store materials on the Common Elements, to build and maintain temporary walls, and to make such other use of the Common Elements as may be reasonably necessary or incident to any construction of improvements on the Property or other real property owned by Declarant, or other properties abutting and contiguous to the Property; provided, however, that no such rights shall be exercised by Declarant in a way that unreasonably interferes with the occupancy, use, enjoyment or access to the Project by the Owners.

8.3 *Utility Easements.* There is hereby created a blanket easement upon, across, over, in and under the Property for the benefit of the Common Elements and the Lots and the structures and improvements situated on the Property for ingress and egress, installation, replacing, repairing and maintaining all utilities, including, but not limited to, water, sewer, gas, telephone, cable television, electricity and wiring for gate control to the individual residences. Said blanket easement includes future utility services not presently available to the Lots, but which may

October 14, 2005

reasonably be required in the future. By virtue of this easement, it shall be expressly permissible for the companies providing utilities to erect and maintain the necessary equipment on any of the improvements on the Property and to affix and maintain electrical and/or telephone wires, circuits, conduits and pipes on, above, across and under the roofs and exterior walls of the improvements, all in a manner customary for such companies in the area surrounding the Property, subject to approval by the Association as to locations.

8.4 *Reservation of Easements, Exceptions and Exclusions.* The Association is hereby granted the right to establish from time to time, by declaration or otherwise, utility and other easements, permits or licenses over the Common Elements for the best interest of all the Owners and the Association. Each Owner is hereby granted a perpetual non-exclusive right of ingress to and egress from the Owner's Lot over and across the General Common Elements and Limited Common Elements appurtenant to that Owner's Lot, which right shall be appurtenant to the Owner's Lot, and which right shall be subject to limited and reasonable restriction on the use of Common Elements set forth in writing by the Association, such as for closure for repairs and maintenance.

8.5 *Emergency Access Easement.* A general easement is hereby granted to all police, sheriff, fire protection, ambulance and other similar emergency agencies or persons to enter upon the Property in the proper performance of their duties.

9. *Maintenance.*

9.1 *Maintenance by Owners.* Each Owner shall maintain and keep in repair the exterior and interior of all improvements on his Lot, including the fixtures thereof to the extent current repair shall be necessary in order to avoid dangerous, damaging or threatening conditions to the Lots (and any improvements thereon) of other Owners. An Owner shall do no act or any work that would impair the structural soundness or integrity of any Common Element or impair any easement. The Association reserves the right to grant the maintenance responsibility to the Owner of Limited Common Elements (if any), and the Owner is obligated to accept said maintenance responsibility, provided said assignment is done in a uniform and nondiscriminatory manner.

9.2 *Owner's Failure to Maintain or Repair.* If a Lot (including improvements and any allocated Limited Common Elements) is not properly maintained and repaired, and if the maintenance responsibility for the unmaintained portion of the Lot lies with its Owner, or if the improvements on a Lot are damaged or destroyed by an event of casualty and the Owner does not take reasonable measures to diligently pursue the repair and reconstruction of those portions of the damaged or destroyed improvement for which the Owner is responsible, then the Association shall inform the Owner of its intention to remedy the situation at Owner's expense. If, after 30 days (or less time, if in the discretion of the Executive Board the condition represents a hazard or health risk), the Owner has not remedied the situation described in the notice, the Executive Board shall make a determination that the condition of such Lot negatively impacts other Owners or the value of other Lots and improvements within the Community, and shall then have the right to enter upon the Lot to perform such work as is reasonably required to restore it to a condition of good order and repair. All costs incurred by the Association in connection with the restoration shall be reimbursed to the Association by the Owner of the affected Lot, upon demand. All unreimbursed costs shall be a lien upon the Lot and its improvements until reimbursement is made. The lien may be enforced in the same manner as a lien for an unpaid Assessment levied in accordance with Article 11 of this Declaration.

9.3 *Maintenance by Association.* The Association shall be responsible for the maintenance and repair of the Common Elements (except as set forth in Section 9.1 above and unless necessitated by damage caused by the negligence, misuse or tortious act of an Owner or Owner's Agent as set forth in Section 9.4 below), which shall be the Common Expense of all Owners. This maintenance shall include, but shall not be limited to, upkeep, repair and replacement, subject to any insurance then in effect, of all open space, roads and shoulders, landscaping, walls, drives and paths, gates, signage, irrigation systems, drainage facilities, sidewalks, and improvements, if any (which shall include without limitation snow removal services unless performed by another private or public organization formed for such purposes), located in the Common Elements. If the Association does not maintain or repair the Common Elements, Declarant shall have the right, but not the obligation, to do so at the expense of the Association.

9.4 *Association Maintenance as Common Expense.* The cost of maintenance and repair by the Association shall be a Common Expense of all of the Owners, to be shared by each Owner according to the Allocated Interests. Damage to the interior or any part of an improvement on a Lot, resulting from the maintenance, repair,

October 14, 2005

emergency repair or replacement of any of the Common Elements or as a result of emergency repairs within an improvement on another Lot at the instance of the Association, shall also be Common Expense of all of the Owners; *provided however*, that if such damage is caused by negligent or tortious acts of an Owner or Owner's Agent, then such Owner shall be responsible and liable for all of such damage and the cost thereof, to the extent that Owner or Owner's Agent's negligence caused such damage, and must be timely paid.

9.5 *Easement for Maintenance.* Each Owner and the Association shall have the irrevocable right, to be exercised by the Manager, the Executive Board or officers or employees of the Association, to have access to each Lot from time to time during reasonable hours as may be necessary for the maintenance, repair or replacement of any of the Common Elements on such Lot (if any) or accessible from such Lot, or at any hour for making emergency repairs, maintenance or inspection therein necessary to prevent damage to the Common Elements or improvements on another Lot. If insurance proceeds under Article 10 are payable to an Owner, but the maintenance responsibility of the area to which such proceeds relate is the Association's, the Association shall complete any such repair or replacement at the Owner's cost.

9.6 *Limited Common Element Damage.* If damage or destruction of a Limited Common Element results from any cause other than the negligence or tortious acts of an Owner or Owner's Agent, the then Owners to which the Limited Common Element is attributable shall bear equally the expense to repair or rebuild the Limited Common Element to its previous condition. The Owner shall bear the cost of such damage to the extent of such Owner's or Owner's Agent's negligence.

9.7 *Association Power.* The Association shall have the right and power to prohibit storage or other activities deemed unsafe, unsightly, unreasonably noisy or otherwise offensive to the senses and perceptible from another Lot or the Common Elements. No Owner shall make any addition or other alteration to any portion of the Common Elements, no matter how minor, without the express written consent of the Executive Board.

9.8 *Dwarf Mistletoe Notice:* Dwarf mistletoe is a common problem in Colorado forests. Portions of the Community may include ponderosa pine, lodgepole pine, limber pine, piñon pine and/or Douglas fir trees infected with dwarf mistletoe. Dwarf mistletoe is a parasitic flowering plant that spreads by forcibly ejected seeds. The effects of dwarf mistletoe include growth reduction, loss of wood quality, poor tree form, predisposition to other insects and diseases, premature death, reduction in seeds, and other effects. Existing infection and further infections shall be managed through forest management practices including, but not limited to, creation of buffer zones, pruning, removal of the entire tree or other means or practices ^{that} are recommended by whatever qualified professional is engaged by the Association for the purpose of implementing the Forest Management Plan. Management of the infected trees or adjacent areas within the Community shall be imposed by the Association under the supervision of a forester experienced in dwarf mistletoe management. Access to all Lots and Common Elements shall be granted for the purpose of controlling Dwarf Mistletoe, and to inspect, detect and (if required) remove infected trees. Cost of removal and/or treatment shall be the responsibility of the Owner of each Lot. If such Lot Owner fails to act in a timely manner necessary for prevention of spread of Dwarf Mistletoe, the Association shall enter the Lot to perform appropriate control measures, which may be assessed to the Lot Owner and shall be considered a special assessment

9.9 *Mountain Pine Beetle (MPB) Notice:* Mountain Pine Beetle (MPB) is a forest pest that attacks and kills ponderosa pines. It has a one-year life cycle, with a mass flight period occurring from July 15th to September 15th. Control measures should be completed prior to July 15th of each year. Inspections should be performed by a professional forester or other plant professional experienced with MPB control. Existing infestations and threats of future infestations may be managed through buffer zones, pruning, removal or other means. Management of the infested trees and adjacent areas within the Community may be imposed by the Association under the supervision of a forester experienced in such management. Access to all Lots and Common Elements shall be granted for the purpose of Mountain Pine Beetle (MPB) control, to inspect, detect and (if required) remove infested trees. Cost of removal and/or treatment shall be the responsibility of the Owner of each Lot. If such Lot Owner fails to act in a timely manner necessary for prevention of spread of MPB, the Association shall enter the Lot to perform appropriate control measures, which may be assessed to the Lot Owner and shall be considered a special assessment.

9.10 *Forest Management Plan:* Pursuant to a Forest Management Plan, the Association shall make an annual inspection of the entire Community, including all common areas and privately owned lots, for any condition that may require intervention, including Mountain Pine Beetle and Dwarf Mistletoe. Each Lot Owner consents to the

October 14, 2005

implementation of such a Forest Management Plan both with respect to the Common Areas and with respect to the individual Lot or Lots of which each such person is the Owner. The Forest Management Plan shall be prepared for the Association by either the Colorado State Forest Service or a professional forester, and formally approved by the Association.

9.11 *Defensible Space:* As required by the Map and by the provisions of this Declaration, each residence on a Lot shall be surrounded by a thirty (30) foot defensible space or area, for protection against wildfire. If not so completed, the Association, Board, or managing agent may perform such work at the Owner's expense in the same manner, and with the same methods to enforce payment, as otherwise set forth in this Declaration.

10. *Insurance.*

10.1 *General Insurance Provisions.* The Association shall acquire and pay for, out of the assessments levied under Article 11 below, the following insurance policies carried with reputable insurance companies authorized to do business in Colorado:

10.1.1 *Hazard Insurance Coverage.* Insurance for fire, with extended coverage, vandalism, malicious mischief, all-risk, replacement cost, agreed amount (if the policy includes coinsurance), special building ordinance and inflation guard endorsements attached, in amounts determined by the Executive Board to represent not less than the full then current insurable replacement cost of the buildings located in the Common Elements on the Property and excluding any and all improvements on any of the Lots. Maximum deductible amounts for such policy shall be determined by the Executive Board, provided, however, that if an Agency requires specific deductibles, the Executive Board shall follow such Agency's requirements. Each Owner shall be responsible for obtaining insurance covering all improvements on his Lot. Such hazard insurance policy must be written by an insurance carrier that has (a) a "B" or better general policyholder's rating or a "6" or better financial performance index rating in Best's Insurance Reports, or (b) an "A" or better general policyholder's rating and a financial size category of "VIII" or better in Best's Insurance Reports International Edition.

10.1.2 *Comprehensive Liability.* Comprehensive general public liability and property damage insurance for the Project in such amounts as the Executive Board deems desirable, provided that such coverage shall be for at least \$1,000,000 for bodily injury, including deaths and property damage arising out of a single occurrence insuring the Association, the Executive Board, the Manager or managing agent, or both, if any, and their respective agents and employees, and the Owners from liability in connection with the operation, maintenance and use of Common Elements and must include a "severability of interest" clause or specific endorsement. Such coverage shall also include legal liability arising out of contracts of the Association and such other risks as are customarily covered with respect to communities similar to the Project in the Douglas County area, including automobile liability insurance if appropriate. The Executive Board shall not enter into employment contracts or independent contractor contracts of any kind unless the contracting party provides evidence (such as a Certificate of Insurance) to the Executive Board that such party has current and satisfactory insurance, including workers compensation insurance, commercial general liability insurance and automobile insurance on all vehicles. In every case, the Association shall be named as an additional insured.

The insurance policies may be carried in blanket policy form naming the Association as the insured, for the use and benefit of and as attorney-in-fact for the Owners. Each Owner shall be an insured person under the policy with respect to liability arising out of such Owner's interest in the Common Elements or membership in the Association. Each Mortgagee and its successors or assigns shall be a beneficiary of the policy in the percentages of Common Expenses for the Lot which the Mortgage encumbers. The insurance company shall waive its rights of subrogation under the insurance policy against any Owner or member of the Owner's household. No act or omission by any Owner, unless acting within the scope of such Owner's authority on behalf of the Association, shall void the insurance policy or be a condition to recovery under the insurance policy.

10.2 *Certificates of Insurance; Cancellation.* Certificates of insurance shall be issued to each Owner and Mortgagee upon request. All policies required to be carried under this Article 10 shall provide a standard non-contributory mortgagee clause in favor of each First Mortgagee of an improvement on a Lot and shall provide that such policy cannot be cancelled by the insurance company without at least thirty (30) days prior written notice to each Owner and each First Mortgagee whose address is shown in the records maintained pursuant to the Associa-

October 14, 2005

tion's documents. If the insurance described in Article 10 is not reasonably available, or if any policy of such insurance is cancelled or not renewed without a replacement policy therefore having been obtained, the Association promptly shall cause notice of that fact to be hand delivered or sent prepaid by United States mail to all Owners and to all First Mortgagees.

10.3 *Insurance Proceeds.* Any loss covered by the property insurance policy described in Section 10.1 must be adjusted with the Association, but the insurance proceeds for that loss shall be payable to any insurance trustee designated for that purpose, or otherwise to the Association, and not to any holder of a security interest. The insurance trustee or the Association shall hold any insurance proceeds in trust for the Owners and Mortgagees as their interests may appear. Subject to the provisions of Section 10.5 below, the proceeds must be disbursed first for the repair or restoration of the damaged property, and the Association, Owners and Mortgagees are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the damaged property has been completely repaired or restored or the regime created by this Declaration is terminated.

10.4 *Insurer Obligations.* An insurer that has issued an insurance policy for the insurance described in Section 10.1 and 10.7 or its agent shall issue certificates or memoranda of insurance to the Association and, upon request, to any Owner or Mortgagee. Unless otherwise provided by statute, the insurer issuing the policy shall not cancel or refuse to renew it until thirty (30) days after notice of the proposed cancellation or non-renewal has been mailed to the Association and to each Owner and Mortgagee to whom a certificate or memorandum of insurance has been issued at their respective last-known addresses, and to any company that services a Mortgage for a Federal National Mortgage Association.

10.5 *Repair and Replacement.* Any portion of the Common Elements for which insurance is required under this Article which is damaged or destroyed must be repaired or replaced promptly by the Association unless: (a) The common interest community created by this Declaration is terminated in which case the approval must first be obtained of sixty-seven percent (67%) of all Owners; (b) Repair or replacement would be illegal under any state or local statute or ordinance governing health or safety; (c) There is a vote not to rebuild by (i) eighty percent (80%) of the Owners entitled to vote and (ii) every Owner of damaged or destroyed improvements on a Lot and assigned Limited Common Element that will not be rebuilt; or (d) Before the conveyance of any Lot to a person other than Declarant, the Mortgagee holding a Mortgage on the damaged portion of the Common Elements rightfully demands all or a substantial part of the insurance proceeds.

The cost of repair or replacement of Common Elements in excess of insurance proceeds and reserves is a Common Expense. If all the Common Elements are not repaired or replaced, the insurance proceeds attributable to the damaged Common Elements must be used to restore the damaged area to a condition compatible with the remainder of the Project, and except to the extent that other persons will be distributees, the insurance proceeds must be distributed to all the Owners or Mortgagees, as their interests may appear in proportion to each Owner's Allocated Interests.

10.6 *Common Expenses.* Premiums for insurance that the Association acquires and other expenses connected with acquiring such insurance are Common Expenses, provided, however, that if the Association's fire and extended coverage insurance covers fixtures, equipment or other property on some but not all of the Lots (as required by any Agency including FNMA or FHLMC), or other insurance attributable to some but not all of the Lots, the Association reserves the right to charge the Owners of such Lots for which the Association provides additional insurance coverage, an amount equal to the premium attributable to such additional insurance coverage.

10.7 *Fidelity Insurance.* Fidelity insurance or fidelity bonds must be maintained by the Association to protect against dishonest acts on the part of its officers, directors, trustees and employees and on the part of all others, including any manager hired by the Association, who handle or are responsible for handling the funds belonging to or administered by the Association in an amount not less than the greater of (a) twenty-five thousand dollars (\$25,000) or (b) the estimated maximum of funds, including reserve funds, in the custody of the Association or management agent as the case may be, at any given time during the term of each policy as calculated from the current budget of the Association but in no event less than a sum equal to three (3) months' aggregate assessments plus reserve funds. In addition, if responsibility for handling funds is delegated to a Manager, such insurance or bonds must be obtained by or for the Manager and its officers, employees and agents, as applicable. Such fidelity insurance

October 14, 2005

or bonds shall name the Association as insured and shall contain waivers of all defenses based upon the exclusion of persons serving without compensation from the definition of "employees," or similar terms or expressions.

10.8 *Workers' Compensation Insurance.* The Executive Board shall obtain workers' compensation or similar insurance with respect to its employees, if applicable, in the amounts and forms as may now or hereafter be required by law.

10.9 *Other Insurance.* The Association shall maintain flood insurance if any part of the Project is located within a Special Flood Area on a Flood Insurance Rate Map, equal to the lesser of 100% of the insurable value of the Project or the maximum coverage available under the appropriate National Flood Insurance Program. The Association shall also maintain insurance to the extent reasonably available and in such amounts as the Executive Board may deem appropriate on behalf of the Executive Board against any liability asserted against a Member of the Executive Board or incurred by him in his capacity of or arising out of his status as a Member of the Executive Board. The Executive Board may obtain insurance against such other risks of a similar or dissimilar nature as it shall deem appropriate with respect to the Association's responsibilities and duties or as requested by any Agency.

11. *Assessments.*

11.1 *Obligation.* Each Owner, including Declarant while an Owner of any Lot, is obligated to pay to the Association (1) the Annual Assessments; (2) Special Assessments; and (3) Default Assessments; *provided however*, that Declarant is not obligated to pay any Association assessment during the period of Declarant Control.

11.2 *Budget.* Within thirty (30) days after the adoption of any proposed budget for the Association, the Executive Board shall mail, by ordinary first-class mail, or otherwise deliver a summary of the budget to all the Owners and shall set a date for a meeting of the Owners to consider ratification of the budget not less than fourteen (14) nor more than sixty (60) days after mailing or other delivery of the summary. Unless at that meeting a majority of all Owners reject the budget, the budget is ratified, whether or not a quorum is present. In the event that the proposed budget is rejected, the periodic budget last ratified by the Owners must be continued until such time as the Owners ratify a subsequent budget proposed by the Executive Board. The Executive Board shall adopt a budget for the Project and shall submit the budget to a vote of the Owners as provided herein no less frequently than annually. The Executive Board shall levy and assess the Annual Assessments in accordance with the annual budget.

11.3 *Annual Assessments.* Annual Assessments made for Common Expenses shall be based upon the estimated cash requirements as the Executive Board shall from time to time determine to be paid by all of the Owners, subject to Section 11.2 above. Estimated Common Expenses shall include, but shall not be limited to, the cost of routine maintenance and operation of the Common Elements, expenses of management and insurance premiums for insurance coverage as deemed desirable or necessary by the Association, landscaping of the General Common Elements, care of grounds within the General Common Elements, routine repairs and renovations within the Common Elements, wages, common water and utility charges for the Common Elements, legal and accounting fees, management fees, expenses and liabilities incurred by the Association under or by reason of this Declaration, payment of any default remaining from a previous assessment period, and the creation of a reasonable and adequate contingency or other reserve or surplus fund for insurance deductibles and general, routine maintenance, repairs and replacement of improvements within the Common Elements on a periodic basis, as needed.

Annual Assessments shall be payable in monthly installments on a prorated basis in advance and shall be due on the first day of each month. The omission or failure of the Association to fix the Annual Assessments for any assessment period shall not be deemed a waiver, modification or release of the Owners from their obligation to pay the same. The Association shall have the right, but not the obligation, to make prorated refunds of any Annual Assessments in excess of the actual expenses incurred in any fiscal year.

11.4 *Apportionment of Annual Assessments.* The Common Expenses shall be allocated among the Lots on the basis of the Allocated Interests for Common Expenses in effect on the date of assessment, provided, however, that the Association reserves the right to allocate all expenses relating to fewer than all of the Lots (such as those expenses attributable to Limited Common Elements and insurance premiums described in Section 10.6) to the Owners of those affected Lots only.

October 14, 2005

11.5 *Special Assessments.* In addition to the Annual Assessments, the Association may levy in any fiscal year one or more Special Assessments, payable over such a period as the Association may determine, for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of improvements within the Common Elements or for any other expense incurred or to be incurred as provided in this Declaration. This Section 11.5 shall not be construed as an independent source of authority for the Association to incur expense, but shall be construed to prescribe the manner of assessing expenses authorized by other sections of this Declaration. Any amounts assessed pursuant to this Section shall be assessed to Owners according to their Allocated Interests for Common Expenses, subject to the right of the Association to assess only against the Owners of affected Lots any extraordinary maintenance, repair or restoration work on fewer than all of the Lots shall be borne by the Owners of those affected Lots only, and any extraordinary insurance costs incurred as a result of the value of a particular Owner's Lot or the actions of a particular Owner or Owner's Agents shall be borne by that Owner. Notice in writing of the amount of such Special Assessments and the time for payment of the Special Assessments shall be given promptly to the Owners, and no payment shall be due less than ten (10) days after such notice shall have been given.

11.6 *Default Assessments.* All monetary fines assessed against an Owner pursuant to the Association Documents, or any expense of the Association which is the obligation of an Owner or which is incurred by the Association on behalf of the Owner pursuant to the Association Documents, shall be a Default Assessment and shall become a lien against such Owner's Lot and improvements, which may be foreclosed or otherwise collected as provided in this Declaration. Notice of the amount and due date of such Default Assessment shall be sent to the Owner subject to such Assessment at least ten (10) days prior to the due date.

11.7 *Effect of Nonpayment, Assessment Lien.* Any Assessment installment whether pertaining to any Annual, Special or Default Assessment, which is not paid on or before five (5) days after its due date shall be delinquent. If an Assessment installment becomes delinquent, the Association, in its sole discretion, may take any or all of the following actions:

- a. Assess a late charge for each delinquency in such amount as the Association deems appropriate;
- b. Assess an interest charge from the due date at the yearly rate of six (6) points above the prime rate charged by the Association's bank, or such other lawful rate as the Executive Board may establish, not exceeding twenty-one percent (21%) per year;
- c. Suspend the voting rights of the Owner during any period of delinquency;
- d. Suspend the rights of the Owner during any period of delinquency to have access to Common Area facilities or open space;
- e. Accelerate all remaining Assessment installments so that unpaid Assessments for the remainder of the fiscal year shall be due and payable at once;
- f. Bring an action at law against any Owner personally obligated to pay the delinquent Assessments; and
- g. Proceed with foreclosure as set forth in more detail below.

Assessments chargeable to any Lot shall constitute a lien on such Lot and improvements. The Association may institute foreclosure proceedings against the defaulting Owner's Lot and improvements as provided by Colorado law. If any such foreclosure takes place, the Owner shall be liable for the amount of unpaid Assessments, any penalties and interest thereon, the cost and expenses of such proceedings, the cost and expenses for filing the notice of the claim and lien, and all reasonable attorney fees incurred in connection with the enforcement of the lien. The Owner shall be required to pay the Association the monthly assessment installments for the Lot during the period of any foreclosure. The Association shall have the power to bid on a Lot and improvements at foreclosure sale and to acquire and hold, lease, mortgage and convey the same.

October 14, 2005

11.8 *Personal Obligation.* Each Assessment against a Lot is not only an *in rem* right to recover against the lot, but also a personal obligation of the person who owned the Lot at the time the Assessment became due. No Owner may exempt himself from liability for the Assessment by abandonment of his Lot or by waiver of the use or enjoyment of all or any part of the Common Elements. Suit to recover a money judgment for unpaid Assessments, any penalties and interest thereon, the cost and expenses of such proceedings, and all reasonable attorney fees in connection therewith shall be maintainable without foreclosing or waiving the Assessment lien provided in this Declaration.

11.9 *Payment by Mortgagee.* Any Mortgagee holding a lien on an improvement on the Property may pay any unpaid Assessment payable with respect to such improvement, together with any and all costs and expenses incurred with respect to the lien, and upon such payment that Mortgagee shall have a lien on the improvement on the Property for the amounts paid with the same priority as the lien of the Mortgage.

11.10 *Statement of Status of Assessment Payment.* Upon payment of a reasonable fee set from time to time by the Executive Board and upon fourteen (14) days written request to the Association's registered agent by personal delivery or certified mail, first-class postage prepaid, return receipt, any Owner, designee of Owner, Agency, Mortgagee, prospective Mortgagee or prospective purchaser of a Lot shall be furnished with a written statement setting forth the amount of the unpaid Assessments, if any, with respect to such Lot. Unless such statement shall be issued by personal delivery or by certified mail, first class postage prepaid, return receipt requested, to the inquiring party (in which event the date of posting shall be deemed the date of delivery) within fourteen (14) days after receipt of the request, the Association shall have no right to assert a lien upon the Lot over the inquiring party's interest for unpaid Assessments which were due as of the date of the request.

11.11 *Capitalization of the Association.* The Declarant shall establish a working capital fund equal to two-twelfths (2/12) of the estimated Annual Assessments for Common Expenses for each Lot subject to the terms of this Declaration. Such sums shall be collected upon closing on the initial sale of each lot subject to this provision, and reimbursed to the Declarant upon the transfer of title to a Lot when that Lot's Owner makes the required working capital contribution set forth in this section. The working capital fund may be used by the Association for emergencies, insurance deductibles in the event of casualty or other loss, capital expenditures for repair or replacement of Common Elements, and such other expenses which do not occur on a regular and on-going basis, as may be determined by a majority of the Executive Board: The initial capital account shall be established and Annual Assessments shall commence for the first phase submitted to the terms of this Declaration upon the conveyance of the first Lot in the Project by Declarant to a third-party purchaser. Upon acquisition of record title to a Lot from Declarant or any seller after Declarant, each Owner shall contribute to the working capital and reserves of the Association an amount equal to two-twelfths (2/12) of the then-current Annual Assessment determined by the Executive Board for that Lot for the year in which the Owner acquired title or \$750, whichever is greater. Such payments shall not be considered advance payments of Annual Assessments. The working capital deposit made by an Owner shall be returned to each Owner (including the Declarant) upon the sale of his or her Lot, provided that the new purchaser of the Lot has deposited the required working capital deposit with the Association. The working capital fund must be maintained by the Association in a segregated account, and may not be used by the Declarant to defray any of its expenses, reserve contributions, or construction costs, nor to make up any budget deficits during the period of Declarant control.

11.12 *Maintenance Accounts; Accounting.* If the Association delegates powers of the Executive Board or its officers relating to collection, deposit, transfer or disbursement of Association funds to other persons or to a Manager, then such other persons or Manager must (a) maintain all funds and accounts of the Association separate from the funds and accounts of other associations managed by the other person or manager, (b) maintain all reserve and working capital accounts of the Association separate from the operational accounts of the Association, (c) provide to the Association no less than once per quarter an accounting for the previous quarter, and (d) provide to the Association an annual accounting and financial statement of Association funds prepared by the manager, a public accountant or a certified public accountant.

12. *Damage or Destruction.*

12.1 *The Role of the Executive Board.* Except as provided in Section 10.5, if all or part of any Common Elements are damaged or destroyed, or other property covered by insurance written in the name of the Association under Article 10 is damaged or destroyed, the Executive Board shall arrange for and supervise the prompt repair and

October 14, 2005

restoration of the damaged property (the property insured by the Association pursuant to Article 10 is sometimes referred to as the "Association-Insured Property").

12.2 *Estimate of Damages or Destruction.* As soon as practicable after an event causing damage to or destruction of any part of the Association-Insured Property, the Executive Board shall, unless such damage or destruction shall be minor, obtain an estimate or estimates that it deems reliable and complete of the costs of repair and reconstruction. "Repair and reconstruction" as used in this Article shall mean restoring the damaged or destroyed improvements to substantially the same condition in which they existed prior to the damage or destruction. Such costs may also include professional fees and premiums for such bonds as the Executive Board or the insurance trustee, if any, determines to be necessary.

12.3 *Repair and Reconstruction.* As soon as practical after the damage occurs and any required estimates have been obtained, the Association shall diligently pursue to completion the repair and reconstruction of the damaged or destroyed Association-Insured Property. As attorney-in-fact for the Owners, the Association may take any and all necessary or appropriate action to effect repair and reconstruction of any damage to the Association-Insured Property, and no consent or other action by any Owner shall be necessary. Assessments of the Association shall not be abated during the period of insurance adjustments and repair and reconstruction.

12.4 *Funds for Repair and Reconstruction.* The proceeds received by the Association from any insurance carried by the Association shall be used for the purpose of repair, replacement and reconstruction of the Association-Insured Property for the benefit of Owners and Mortgagees.

If the proceeds of the Association's insurance are insufficient to pay the estimated or actual cost of such repair, replacement or reconstruction, or if upon completion of such work the insurance proceeds for the payment of such work are insufficient, the Association may, pursuant to Section 11.5, if permitted under the Act, levy, assess and collect in advance from the Owners, without the necessity of a special vote of the Owners, a Special Assessment sufficient to provide funds to pay such estimated or actual costs of repair and reconstruction. Further levies may be made in like manner if the amounts collected prove insufficient to complete the repair, replacement or reconstruction.

12.5 *Disbursement of Funds for Repair and Reconstruction.* The insurance proceeds held by the Association and the amounts received from the Special Assessments provided for above, constitute a fund for the payment of the costs of repair and reconstruction after casualty. It shall be deemed that the first money disbursed in payment for the costs of repair and reconstruction shall be made from insurance proceeds, and the balance from the Special Assessments. If there is a balance remaining after payment of all costs of such repair and reconstruction, such balance shall be distributed to the Owners in proportion to the contributions each Owner made as Special Assessments.

13. *Condemnation.*

13.1 *Rights of Owners.* Whenever all or any part of the Common Elements shall be taken by any authority having power of condemnation or eminent domain or whenever all or any part of the Common Elements is conveyed in lieu of a taking under threat of condemnation by the Executive Board acting as attorney-in-fact for all Owners under instructions from an authority having the power of condemnation or eminent domain, each Owner shall be entitled to notice of the taking or conveying. The Association shall act as attorney-in-fact for all Owners in the proceedings incident to the condemnation proceeding, unless otherwise prohibited by law.

13.2 *Partial Condemnation; Distribution of Award; Reconstruction.* The award made for such taking shall be payable to the Association for the benefit of the Owners and Mortgagees and, unless otherwise required under the Act, the award shall be disbursed as follows:

If the taking involves a portion of the Common Elements on which improvements have been constructed, then, unless within sixty (60) days after such taking Declarant and Owners who represent at least sixty-seven percent (67%) of the votes of all of the Owners shall otherwise agree, the Association shall restore or replace such improvements so taken on the remaining land included in the Common Elements to the extent lands are available for

such restoration or replacement in accordance with plans approved by the Executive Board. If such improvements are to be repaired or restored, the provisions in Article 12 above regarding the disbursement of funds in respect to casualty damage or destruction which is to be repaired shall apply. If the taking does not involve any improvements on the Common Elements, or if there is a decision made not to repair or restore, or if there are net funds remaining after any such restoration or replacement is completed, then such award or net funds shall be distributed among the Owners in accordance with each Lot's Allocated Interests of Percentage Share of Common Elements, first to the Mortgagees and then to the Owners, as their interests appear.

13.3 *Complete Condemnation.* If all of the Property is taken, condemned, sold or otherwise disposed of in lieu of or in avoidance of condemnation, then the regime created by this Declaration shall terminate, provided that approval must first be obtained of fifty-one percent (51%) of First Mortgagees of Lots and improvements subject to First Mortgages, and the portion of the condemnation award attributable to the Common Elements shall be distributed as provided in Section 12.5 above.

14. *Association as Attorney-in-Fact.* Each Owner hereby irrevocably appoints the Association as the Owner's true and lawful attorney-in-fact for the purposes of (a) granting easements pursuant to Article 8, (b) purchasing and maintaining insurance pursuant to Article 10, including the collection and appropriate disposition of the proceeds thereof, the negotiation and settlement of losses and execution of releases of liability, the execution of all documents, and the performance of all other acts necessary to purchase and maintain insurance as well as dealing with any improvements covered by insurance written in the name of the Association pursuant to Article 10 upon their damage or destruction as provided in Article 12, or (c) negotiating and dealing with any authority having the power of condemnation or eminent domain relating to a complete or partial taking as provided in Article 13, above. Acceptance by a grantee of a deed or other instrument of conveyance or any other instrument conveying any portion of the Property shall constitute appointment of the Association as the grantee's attorney-in-fact, and the Association shall have full authorization, right and power to make, execute and deliver any contract, assignment, deed, waiver or other instrument with respect to the interest of any Owner which may be necessary to exercise the powers granted to the Association as attorney-in-fact.

15. *Reserved Development and Special Declarant Rights.*

15.1 *Reserved Development Rights of Expansion.* Declarant reserves the right for itself and any Successor Declarant at any time and from time to time to subject additional phases of the Reserved Property to the provisions of this Declaration to include an expansion of additional Lots, and to expand the Common Elements.

15.1.1 *Supplemental Declarations and Supplemental Plats.* Such expansion may be accomplished by the filing for record by Declarant in the office of the Clerk and Recorder one or more Supplemental Declarations and Supplemental Plats setting forth the real property, if any, to be included in the expansion, together with any covenants, conditions, restrictions and easements particular to such property. The expansion may be accomplished in stages by successive supplements or in one supplemental expansion. Declarant may exercise such rights for expansion on all or any portion of the Reserved Property in whatever order of development Declarant in its sole discretion, determines. All improvements to be constructed on the Reserved Property shall be substantially completed prior to the recording of the Supplemental Declaration and Map adding additional Units and the improvements shall be consistent with the improvements already subject to the Declaration in structure type and quality of construction, unless the improvement constructed on the Reserved Property is a single family dwelling. Declarant shall not be obligated to expand the Project beyond the number of Lots initially subject to this Declaration.

15.1.2 *Expansion of Definitions.* In the event of such expansion, the definitions used in this Declaration shall be expanded automatically to encompass and refer to the Property subject to this Declaration as so expanded. For example, "Lot" shall mean the Lots as shown on the Map plus any additional Lots added by any Supplemental Declarations and Supplemental Maps, and reference to this Declaration shall mean this Declaration as supplemented. All conveyances of Lots shall be effective to transfer rights in the Property as expanded.

15.1.3 *Declaration Operative on Expansion Property.* Lots added by Supplemental Declarations and Maps shall be subject to all of the terms and conditions of this Declaration and of any Supplemental Declarations, upon recording the Supplemental Map(s) depicting the Reserved Property and Supplemental Declaration(s) with the Clerk and Recorder. If a portion of the Reserved Property is submitted to the provisions of this Declaration,

October 14, 2005

Declarant shall retain the right to, but shall not be obligated to, submit any additional portion of the Reserved Property to the provisions of this Declaration. The rights of Declarant and any Successor Declarant, as described herein, shall apply to all Lots added to this Declaration in accordance with these provisions relating to enlargement thereof.

No rights or obligations of any character of any Owner in the Reserved Property shall attach until a Supplemental Declaration and Supplemental Map are filed with the Clerk and Recorder annexing the Lots constructed in such area to the Project.

15.1.4 *Effect of Expansion.* Upon the development of additional Lots and their inclusion under this Declaration and the filing of the Supplemental Declaration(s) and Supplemental Map(s) thereof, the Allocated Interests applicable to a Lot shall be as set forth in Section 2.3 above.

Notwithstanding any inclusion of additional Lots under this Declaration, each Owner (regardless of whether such Owner is the owner of a Lot shown on the original Map or is the owner of a Lot constructed in the Reserved Property and included by a Supplemental Declaration and Map) shall remain fully liable with respect to his obligation for the payment of the Common Expenses of the Association, including the expenses for such new Common Area, costs and fees, if any. The recording of a Supplemental Declaration or Supplemental Plat shall not alter the amount of the Common Expenses assessed to a Lot prior to such recording.

15.2 *Reserved Development Rights of Withdrawal.* Declarant reserves the right for itself and any Successor Declarant at any time and from time to time to withdraw from the provisions of this Declaration the Reserved Property so as to apply to the applicable authorities to split or otherwise divide the Reserved Property from the Property and to convey the Reserved Property at the sole discretion of the Declarant.

15.3 *Reservation of Withdrawal Right.* Declarant reserves the right for itself and any Successor Declarant at any time and from time to time to withdraw from the provisions of this Declaration individual Lots and/or Common Elements, provided however that none of the real estate may be withdrawn after any Lot has been conveyed by Declarant to a purchaser. Declarant shall file an amendment of the Map or Plat showing the location of the withdrawn property.

15.4 *Other Reserved Rights.* Declarant reserves the right for itself and any Successor Declarant at any time and from time to time to: (a) complete improvements indicated on the Plats and Maps, (b) maintain and relocate sales offices, management offices, signs advertising the Project and models, of any size, within one or more Lots and within the General Common Elements so long as Declarant or Successor Declarant continues to be an Owner of a Lot or, if earlier, five (5) years from the recording of this Declaration with the Clerk and Recorder, (c) to subject the Project to a master association, (d) to make, merge or consolidate the Project with a common interest community of the same form of ownership, and (e) to appoint or remove any officer of the association or any Executive Board member during the period of Declarant control as set forth in Section 5.4 above.

15.5 *Change in Allocated Interests.* If Declarant or Successor Declarant exercises the right to add or withdraw Lots as set forth above or to add Expansion Property, the Allocated Interests of the resulting Owners after such expansion or withdrawal shall be the same as the formula in Section 2.3 above.

15.6 *Create Limited Common Elements.* Declarant reserves the right through October 2006, to create limited common elements from time to time by allocating to a Lot the exclusive use of space that may be designated on the Map as "Not Assigned". The allocation shall become effective, and shall constitute an amendment to the Map and the Declaration, upon the recording in the office of the Clerk and Recorder of a certificate executed by the Declarant that identifies the space by reference to the Map and the Lot to which it is allocated.

15.7 *Termination of Right.* The rights reserved to the Declarant for itself, its successors and assigns in this Article shall expire, unless sooner terminated as required by the Act, five (5) years from the date of recording this Declaration, unless such rights are (i) extended as allowed by law or (ii) reinstated or extended by the Association, subject to whatever conditions and limitations the Executive Board may impose on the subsequent exercise of the rights by Declarant.

16. *Architectural Control and Design Review.*

16.1 *Common Elements.* No alteration or additions to the Common Elements of any kind (including, without limitation, landscaping, change in color, signage) shall be made unless first approved in writing by the Executive Board. The Executive Board shall exercise reasonable judgment to the end that all modifications to the Common Elements conform to and harmonize with existing surroundings and structures. All construction activities shall be planned and carried out with a minimum of disruption, unsightliness and noise.

16.2 *Architectural Review Committee.* There is hereby established an Architectural Review Committee (the "Committee") which shall be responsible for the establishment and administration of Design Guidelines and to carry out the purposes and intent of this Declaration and shall provide advice to the Executive Board on such matters as the Executive Board may request.

16.3 *Membership.* The Committee shall consist of individuals appointed by and responsible to the Executive Board. During the period of Declarant Control set forth in Section 5.4 of this Declaration, the number of members shall be determined by the Executive Board and such members need not be Owners. After the period of Declarant Control has passed, the Committee shall consist of three (3) members at least one (1) of whom shall be an Owner. Members of the Committee shall be appointed to serve for a period of time established by the Executive Board, but in no event for a period of less than one (1) year. The Committee is authorized, upon approval of the Executive Board, to seek the advice of design professionals or other professionals if the need should arise. Should a Committee member die, retire, become incapacitated, or in the event of a temporary absence of a member, a successor may be appointed by the Executive Board.

16.4 *Design Guidelines.* The Committee shall adopt, establish, and publish from time to time the Design Guidelines for the Project and such Design Guidelines shall be an Association Document. All Owners shall comply strictly with the terms of the Design Guidelines. The Design Guidelines shall not be inconsistent with this Declaration, but shall more specifically define and describe the design standards for the Project including, but not limited to, items such as color, texture, structure, size, design, appearance, landscaping and site improvement standards. The Design Guidelines may be modified or amended from time to time by unanimous approval of the Executive Board and shall be made available to all Owners and their representatives for review. Further, the Committee may recommend, and the Executive Board, in its sole discretion, may excuse compliance with such requirements as are not necessary or appropriate in specific situations and may permit compliance with different or alternative requirements. Compliance with the Project's design review process and design standards is not a substitute for compliance County building, zoning, and subdivision regulations. Each Owner is responsible for obtaining all approvals, licenses, and permits as may be required prior to commencing construction. If the terms of this Declaration should conflict with the terms of the Design Guidelines, the terms of this Declaration shall control.

16.5 *Requirement for Approval.* No improvements shall be constructed, erected, placed, altered, maintained or permitted on any Lot or on any other part of the Project, nor shall any construction or excavation whatsoever be commenced or materials, equipment or construction vehicles be placed on any part of the Project until plans and specifications with respect thereto satisfactory to the Committee showing the proposed improvements, site location of such improvements, complete building plans and material specifications, and all exterior elevations, materials and colors, landscaping, grading, drainage, erosion control, easements and utilities, and such other information as may be requested by the Committee or Executive Board have been submitted to and approved in writing by the Executive Board. All improvements shall be constructed only in accordance with approved plans. If the Executive Board has not responded to an Owner's request for approval within sixty (60) days of the submission by Owner of all information requested by the Committee and the Executive Board, then such Owner's request shall be deemed approved by the Executive Board.

The Association, upon the unanimous approval by the Executive Board and after reasonable notice to the offender and to the Owner, may remove any improvements constructed, reconstructed, refinished, altered, or maintained in violation of these Covenants, and the Owner of the improvements shall immediately reimburse the Association for all expenses incurred in connection with such removal.

16.6 *Criteria for Approval.* The Committee shall recommend approval and the Executive Board shall approve any proposed improvement only if it deems in its reasonable discretion that the improvements in the loca-

tion indicated will not be detrimental to the appearance of the surrounding areas of the Project as a whole; that the appearance of the proposed improvement will be in harmony with the surrounding areas of the Project; and that the upkeep and maintenance of the proposed improvement will not become a burden on the Association. Specific factors considered in approving plans include, among other things, conformity and harmony of exterior design, colors and materials with neighboring structures, relation of the proposed improvements to the natural topography, adequacy of drainage, erosion control, grade and finished around elevation of the structure to that of neighboring structures and natural features of the property, and conformity of the plans and specifications to the purpose and general plan and intent of this Declaration. The Executive Board may condition its approval of any proposed improvement upon the making of such reasonable changes therein as the Committee or Executive Board may deem appropriate.
